## Quick Start Guide

## Using the voicemail system

The voicemail system is menu driven. Listen to the voice prompts and then press the keys on your phone to select which option you would like.

### Accessing voicemail

The first time you access your voicemail box you will be asked to set up your mailbox, and record your name and a greeting to be played by callers. When you have one or more unheard voice messages waiting, you should hear a stutter dial tone when you take the phone off hook.

#### From your own phone:

- Press the Messages button or dial \*98.
- Enter your voicemail password.
- If you have new messages, the messages will be identified.
- After hearing any new messages, you will be presented with the Voicemail Main Menu. The Main Menu options are listed in the next column.

#### From another phone:

- From an external phone, dial the voicemail access number (441) 400-MAIL (6245).
- When prompted, enter your 10 digit area code and phone number.
- When prompted, enter your voicemail password + #.
- If you have new messages, the messages will be identified.

After hearing any new messages, you will be presented with the Voicemail Main Menu. The Main Menu options are listed in the next column.

## Forwarding a message

While listening to messages, you can send a copy of the message to another recipient.

- To Forward the current message, press 5.
- Enter an extension number or Distribution Group Number. Repeat this step until you've entered all the desired destinations.
- Press # when finished entering destinations.
- You will be prompted to record an introduction.
- After the tone, record your introductory message and press # when finished.
- Press # to send or press 1 for delivery options, followed by # to send. Delivery options include the following:

### Replying to a message - dialing the originator

- While listening to a message, you can call the person back by pressing 4 and selecting option 1.
- This capability will not work if the voicemail system was not able to identify the Caller ID information when the original voicemail was received or if your phone is configured with call restrictions which prevent you from calling the originator's number.

## Changing your voicemail password

- Access your voicemail box.
- From the Main Menu, press 4 to change your settings.
- Press 3 for security options.
- Press 1 to change the PIN.

## Recording your personal greeting

- Access your voicemail box.
- From the Main Menu, press 3.
- To set up a personal greeting press 1.
- To set up a system generated greeting or to change the recording of your name press 3.
- To change the greeting that callers hear when you're busy press 5.
- If you don't record a personal greeting, a generic greeting will be played.
